Dear Faith Families,

With the threat of inclement weather it becomes necessary to inform everyone about school starting times and closures. We follow the Lake Washington School District emergency operating schedule for school closures and delays with a difference in the late start time. Our dismissal times may vary depending on the circumstances. Faith Lutheran School is also a member of “Flash News” and KOMO 4 TV closure/delay announcements. **The delay will also be posted on page one of our web page.** If you are unsure of our start or release time and have not heard **Faith Lutheran School of Redmond** announced, follow the Lake Washington School District delay/closure information. Below is a summary of closure and delay information.

**Lake Washington School district school closure** = Faith Lutheran School closure

**Late Start:** Faith Lutheran School with start one and one half hours late at 10:30 am.

If dismissal time changes it will be announced before noon.

Following are the radio and television stations that carry school announcements most frequently. No announcement means normal operations. Please take time to listen for school closures or check the **school web site** at [www.faithredmond.org](http://www.faithredmond.org) before calling the main office.
